DUE DILIGENCE

Anti-Money Laundering

1. General

Measures aimed at the prevention of money laundering may require subscribers in the Funds to verify their identity to the Administrator. Depending on the circumstances of each such application, verification may not be required where the subscriber makes the payment from an account held in the applicant's name at a recognised financial institution, or the application is made through a recognised intermediary. These exceptions will only apply if the financial institution or intermediary referred to above to above is within an "Approved Country" (defined in the schedule below) as determined by the Administrator.

The Administrator will notify applicants if proof of identity is required and, in such case, the specific guidelines below regarding proof of identity will be applicable. By way of example, individual subscribers may be required to produce a copy of a passport or identification card duly certified by a public authority such as a notary public, the police or the ambassador of their country of residence, together with evidence of any address such as a utility bill or bank statement. In the case of corporate applicants this may require production of a certified copy of the certificate of incorporation (and any change of name) and of the memorandum and articles of association (or equivalent), and of the names and residential and business addresses of all directors and beneficial owners.

The details given above are by way of example only and the Company and the Funds have authorised the Administrator to request such information and documentation as is necessary to verify the identity of a subscriber. In the event of delay or failure by the applicant to produce any information required for verification purposes, the Administrator may refuse to accept the application and any subscription monies until all requested information has been provided.

Each subscriber acknowledges that the Administrator shall be held harmless against any loss arising as a result of a failure to process an application for, or redemption of, shares if such information and documentation as has been requested by the Administrator has not been provided by the applicant. Exemptions to the identification requirements do exist and will be adopted where appropriate by the Administrator.

2. Due diligence requirements for subscribers

Exemption for subscription debited from bank account in an Approved Country:

If payment for subscriptions is to be made by any electronic means which is effective to transfer funds and the payment is clearly or on the face of it debited from an account in the subscriber's name at a bank registered in the Cayman Islands or that is regulated in and either based or incorporated in or formed under the laws of an "Approved Country" (defined in the schedule below), then no further identification is required unless specifically requested.

All investors that are companies, partnerships, unincorporated businesses or trusts must provide the Administrator with an original or certified true copy of the register of members, partners, trustees or beneficiaries (or a list thereof, if no register exists) to enable the Administrator to identify the ultimate beneficial owners. At the discretion of the Administrator, further due diligence may be required for such ultimate beneficial owners.

General identification requirements:

Where a subscriber is unable to comply with Section 1 above, original or certified true copies of the following identification will be required:

For individuals:

- evidence of true name, signature and date of birth and photographic identification (validity of document should not be older than ten (10) years);
- evidence of permanent address:
